Change in Management

Altropol Kunststoff GmbH has been a specialist in the field of duromeric resin systems since 1994. From the beginning, as managing director Mr. Horst Karasmann has contributed significantly to the success of the now globally operating company. At the turn of the year, he is retiring after more than 25 years and is going into well-deserved retirement. We would like to thank him for his constant commitment and wish him all the best for the future.

Since 1st January 2023, Mr. Kevin Li is the managing director of Altropol Kunststoff GmbH besides Mrs. Bärbel Karasmann and Mr. Olaf Köpcke. Mr. Li is a chemist, associated with the company since 2013 and was authorized officer since February 2020. "Thank you to the family Karasmann and Mr. Köpcke for me entrusting with such a responsibility. I will do my best and look forward to the new challenges. Furthermore, I guarantee that you can still rely on our usual product quality, support and innovation," said Mr. Li.
